The Buffalo Defenders, founded in 1992, is the largest AAU Girl's Basketball Organization in Western New York. Our athletes, ages 12U - 17U, travel to compete in tournaments from March through July. The club is comprised of parents and coaches from various local basketball programs, who volunteer their time to promote athletic excellence and good sportsmanship to our players. We emphasize individual skill development and playing time for every player within our organization during each tournament. The regional tournaments we participate in are selected to provide the best competition available for each of our teams.
